

Principal's Address

Dear parents and caregivers,

Only 4 weeks of the academic year left! Teachers are busily preparing reports and end-of-year events. Students are busily displaying their academic and social skills for their teachers.

Hoodwinked

What a truly outstanding performance from our talented students. Many hours of rehearsal went into this production including; dance, song, movement and our speedy backstage crew. This event has been supported by many staff throughout the year and on the night, all of whom were celebrated on the closing evening. To our parent volunteers, we cannot thank you enough for your incredible generosity of time and resources. We have many talented parents with expertise and skill that we were lucky enough to have assisting.

A massive shout out to Mr Dave Rupe, former gardener and puppeteer and current volunteer of everything Arts, AND, Mrs Nelomie Ranasinghe. Mrs Ranasinghe has ensured everything from the licensing to the performance was as professional as possible. Students, staff and parents applaud you Mrs Ranasinghe.

Kindy Orientation

Today we had our first session with our new and returning families. Parents attended to hear from our external agencies and create the best start for their little people next year. Thank you to our health nurse, a representative from the Gosnells Parent Centre and a representative from Camp Australia. We look forward to meeting our new enrolments next week for their very first visit.

Class placements and enrolments

Staff Planning for 2023 has begun. It is imperative that we have accurate student enrolment numbers in order to create our class structures. If you know your child/ren will not be attending ADPS next year, please notify the office as soon as possible. Students remain on our system until the new enrolment at another school is complete, but this early notification assists greatly with our planning. Also, if you are aware of new students who may be joining us please encourage them to complete the enrolment process as soon as possible, particularly Kindergarten.

When considering a class placement request, please do not assume our teachers will be in the same class or year levels they are currently as some changes to this are always necessary. It is important to note the complexities involved in establishing classrooms and that parent requests are one of a number of pieces of information considered when arriving at class placement decisions. These requests must be for educative reasons and are required, in writing, by the 3rd of December 2022. Via email: ashburtondrive.PS@education.wa.edu.au or a note dropped into the office. While we will do our very best to accommodate all requests, it is not always possible to do so.

Monkey Mind

We would like to publicly thank and acknowledge one of our relief staff, Ms Rebecca J Palmer. Ms Palmer has written and published a children's book which has been shortlisted for Book of the Year 2022 - Speech Pathology Australia. Congratulations Ms Palmer and thank you for donating a copy of Monkey Mind to the school.

Positive Behaviour Support Focus Term 4 Week 7 & 8 is “Accept Differences”

Week seven and eight of Term 4 the focus of our PBS lessons (Positive Behaviour Support) is to “Accept Differences” and was taken from our focus area of Participate Positively by Darmoorluk. Please support us by discussing this with your children and encouraging them to 'Accept differences' both at home and school.

Avenues for Information

There are so many school events taking place this term. Please stay up to date with the latest information by ensuring you are connected to Connect. Both the Primary School and P&C are on Facebook, please find us there for updates and notices. The school website can be found at <https://www.ashburtondriveps.wa.edu.au/>

In Technologies this term, Pre-Primary students have been learning about food and fibre production, exploring how different forms of plants and animals are used in everyday life for food, clothing and shelter. In conjunction with the topic of Healthy Eating in Health lessons, students designed and recorded the process of making fruit kebabs. We would like to share some photos of this activity with you.

The Importance of Play

Play is a game changer

- Get back to your inner child and play with your kids.
- It doesn't need to be formal.
- Let your kids guide you.
- Young children like to role-play.
- Engage in physically active play.
- Try to engage them in some moderate to vigorous physical activity.
- Don't stop once your children get older.
